DETAILED ACTION

Election/Restrictions

1. Claims 16-28 are examined on the merit with claims 1-15 after careful review of present invention. The restriction requirement, as set forth in the Office action mailed on 3/23/06, has been reconsidered and **is hereby withdrawn**.

Claim Objections

2. Claims 1-28 are objected to because of the following informalities: the phrase "the facial surface" in claims 1 and 16 lacks proper antecedent basis. Appropriate correction is required.

Allowable Subject Matter

3. Claims 1-28 are allowed.

4. The following is a statement of reasons for the indication of allowable subject matter: claims are allowable at least for the reason that the prior art does not teach or reasonably suggest the method of making the corner cube retroreflective assembly using the steps as recited in the claimed combination.

Luttrell et al discloses the method of making a cube corner retroreflective element, however does not disclose the recited steps as claimed combination (see column 4, line 45 - column 6, line 28).
